

SCIENCE CLASS SPONSOR SIGN UP

Primary sponsors will need to **arrive at 12:45 PM and stay through till 3:45 PM** to monitor the Activity Center door, run errands (find Billy/Grace etc.), assist in class/gym if needed. Most often you will have free time so plan to bring something to do.

Alternates wouldn't need to stay but should check in with Primary sponsor to see if they are still able to stay the whole time. If not, the Alternate could substitute for the Primary (at any time or full class period).

(In the event of a conflict – i.e. the church building is not available – we'll likely replace the class periods with a field trip. If this happens, the sponsor will be responsible for “monitor” duties – that is, helping maintain good order/behavior during tours/presentations. All parents would be invited to attend/assist and we'd need volunteer drivers.
